

# Dog scabies can make us sick

Dogs can give other dogs scabies and make them sick too.

Scabies can live in our bed sheets and mattresses.

Wash sheets and mattresses and leave out in the sun to dry to kill scabies eggs.

Ask the Animal Management

Workers for Ivomec medicine to kill scabies on dogs.

Dogs scabies can make people's skin itchy.

These scabies can move onto our family.

Scabies mite on skin

Scabies can make us itchy and sick. Germs in the sores can make our **heart** and **kidney** sick.

Ask the clinic for medicine to kill scabies on people's skin.
